Project Portfolio - <https://josephgggg.github.io/project-portfolio/>

4th Year BCom/BE(hons) Student

Personal Statement

As a 4th-year conjoint student at the University of Auckland, I bring forth a unique blend of expertise and hope to capitalise on this where I am most passionate — the business and technology industries. I find significant value in my mathematical, analytical and computational skills and am eager to apply them to real-world commercial and operational challenges. Currently, I am proactive in my efforts for professional and personal growth, exploring internship opportunities to gain practical experience.

Work Experience

AT Engineering Intern

Auckland Transport - *June, 2025 - July, 2025*

- Internship experience engaging in urban development projects and project management.

EY Government Incentives Intern

Ernst & Young Limited - *November, 2024 - February, 2025*

- Summer internship in the Government Incentives Team at EY, providing R&D Tax Incentive advisory services and guidance on the application process.

Business Consultant

Horizon Businesses Limited - *February, 2024 - April, 2024*

- Part-time role delivering on varying projects to grow both Horizon and the start-ups we engage with.

University Student Guides

University of Auckland - *February, 2024 - Present*

- Casual job involving partaking in collaborative projects to promote the Faculty of Engineering through events, social media, and other forms of content

University Summit Mentor

University of Auckland - *January, 2024 - February, 2024 (Summer School)*

- Part-time role offering academic assistance through mentoring sessions for academically vulnerable and disengaged students over the summer school period

Casual Supervisor

Wizard Child Holiday Programme - *Over the course of four school breaks during 2021/2022*

- A casual job that I had been undertaking over multiple school breaks, supervising children from ages 5-15 years old attending the holiday programme.

Education

University of Auckland

Bachelor of Commerce/Bachelor of Engineering (Honours) Conjoint

February, 2023 - November, 2027
